DETAILED ACTION

Response to Arguments

1. Applicant's arguments filed May 22, 2007, with respect to the previous rejection have been fully considered and are persuasive. The February 20, 2007 non-final Office Action has been withdrawn.

Claim Rejections - 35 USC § 112

2. The following is a quotation of the first paragraph of 35 U.S.C. 112:

The specification shall contain a written description of the invention, and of the manner and process of making and using it, in such full, clear, concise, and exact terms as to enable any person skilled in the art to which it pertains, or with which it is most nearly connected, to make and use the same and shall set forth the best mode contemplated by the inventor of carrying out his invention.

3. Claims 17-26 are rejected under 35 U.S.C. 112, first paragraph, as failing to comply with the written description requirement. The claim(s) contains subject matter which was not described in the specification in such a way as to reasonably convey to one skilled in the relevant art that the inventor(s), at the time the application was filed, had possession of the claimed invention. Claim 17, lines 2-4, 10-11 and 22-25 do not have original support from the descriptive portion of the specification and/or the drawings, e.g. pages 5, 13; Figs. 3, 5. Clarification is required.

4. Claims 13-16 remain withdrawn from consideration.
